#### Does this AA meeting have the best view in Australia?

In a year that has seen AA meeting venues close all over Australia, open again and in some cases close again, it's important to remember how quickly AA members adapted to the new conditions and continued to carry the message throughout the pandemic. At the beginning of March there was not one Video Conferencing meeting on the meetings database @aa.org.au. By the end of April there were close to 1000! A small band of volunteers in each region made all the changes to the database as more and more meetings embraced the new technology. That AA was able to attract newcomers to the new format, and for them to remain sober without face to face meetings, is a miracle in itself. Our members pivoted and lives were saved. So, now that we are mostly back to face to face meetings it's nice to sit back and "feel the serenity"

St Helens on Tasmania's east coast has a population of just over 2,000 people served by three AA meetings each week. The lunchtime meetings on Mondays and Thursdays convene in the Sea Scouts building which is so close to the water's edge that king tides the ground invade floor. However, members stay dry upstairs where they enjoy a panoramic view across Georges Bay out the north facing windows. AA certainly works by attraction in St Helens.

If your meeting room is something special or has a great location, please send a photo with your contact details to gso@aa.org.au

# **GSO Finances**

The onset of the global pandemic earlier this year financial has caused problems for many AA entities, both here in Australia and overseas. There are two main sources of income from the GSO Australia, being Tradition Donations (55%) and sales of Literature (45%). Both of these experienced significant drops in the first half of the year. A call for members to GSO went out support which led to a big rise in personal donations, which kept the GSO afloat and ensured all the services GSO provides were able to be maintained.

It did, however, give cause to rethink the way we calculate our Prudent Reserve and how many months it should be

The Reserve Fund is G.S.O.'s Prudent Reserve. Its principal purpose is to provide the financial

resources to continue the essential services of G.S.O. for up to a period of 12-16 months in the event of an unexpected and substantial reduction in the normal revenues of the organization.

# Our current Prudent Reserve total sits at 9.36 months.

As you can see, at we are not out of the woods yet.

As a fellowship we strive to attain the Prudent Reserve goal to ensure AA's long-term viability.

I am responsible, when anyone, anywhere, reaches out for help, I want the hand of AA always to be there, and for that I am responsible

## Sunshine Coast AA powers through with PI lunch

ith a year that has been so unpredictable and AA going through such amazing changes, there was many doubts about this event being held. As the year pressed on along with the lifting of restrictions. It was wonderful to see that District 9 Sunshine Coast fellowship along with support from Area B NER Old was able to move forward with the Professional's **Awareness** Luncheon, held on the 25th of November 2020 at the Maroochydore RSL on the Sunshine Coast.

This was my first time attending an event like this and it was an experience to had. There was an attendance o f 49 professionals, 21 AAmembers and 3 Al-Anon members at the event, it was a breath of fresh air after the year we have had. The AA members covered their own expense for the meals, whilst the 52 guests where covered by District 9. There were Doctors, Police, Counsellors and numerous other organisations spaning through the Community Sector in attendance on the day.

Brian. F opened the event with explaining what AA does and doesn't do when working i n with professionals. Jack Ellison who is a Mental Health Worker and a long-time friend of AA spoke about his experience with the AA in the professional field, and how he has found beneficial having AA working closely with professionals. The dav was followed through with a talk from John G and Jane from Al-Anon, the room was buzzing with chatter with some of the professionals speaking about how it surprised them that AA funds themselves and we don't want anything. I spoke with a few members afterwards and they stated that this was also their first and thev event. impressed with the number professionals that attended and how well the day came together.

Brian F has received quite a few very complimentary text msgs re the Luncheon and the Police Inspector who attended has requested that he goes and talk to the "Police Venerable Persons Unit". Dr John Miles who is one ofthe leading Psychiatrists for Old Health on Sunshine Coast sent this email to Brian F "I would just like to say thank you for the very informative and enjoyable luncheon, It was great to hear about the good work of AA and it has

certainly given me ideas to take forward in my clinical practice".

Trudie Avery the Welfare Officer of а local **RSL** supporting AA also through this email "Thank so much for our invitation the AA to luncheon. It was so lovely to hear the testimonies of your members, and acknowledge the good golden work done bv Alcoholics Anonymous t h e world. Over my working career I have been in a position to work closely with AA sponsors and always was impressed by their genuine and gentle support and leadership. Once again thank you for inviting me to your function which turned into а networking opportunity in the support agencies".

It is a big step for AA to receive responses like these from professional's, I would like to finish up with saying what an amazing effort the committee with all their hard work and commitment to make this event happen.

#### **Our Great Responsibility**

This new AA book brings together fifteen of Bill W's talks to the North American General Service Conferences between 1951 and 1970. The book is illustrated with fascinating photos and facsimiles from the archives as well as helpful footnotes that clarify the people and contemporary issues that Bill was talking about.

The talks cover serious topics-such as Trust and Service—but along the way Bill provides fascinating insights, in a consistently self-effacing way, into the early history of AA. The transcripts suggest he liked seem as if was he speaking off the cuff but these talks reveal that deep thought and consideration went into the messages he wanted to convey.

Readers will no doubt find various gems to oversee their service within what Bill calls "A beautiful benign anarchy" but here is one that every trusted servant will identify with: "The more people there are to do a job, it often falls out the less there are. In other words, what's everybody's business nobody's business." is Similarly, he reminds us that "Loving friendship is a part of...sponsorship."

guidance Bill's was practical: in 1956, Bill spoke about the four principles that underlie AA service: Petition, Appeal, Participation and Decision. He believed that should Conference never take a serious problem to the grassroots until it knows what its own opinion is, and what the pros and cons of such a problem really are." He goes further: "It is the Conference function of leadership to instruct the group conscience on theissues concerned." Bill also "Our bluntly stated that *Headquarters can, of course,* have no secrets."

In 1963, Bill warned of the paradox that God provide for us one day at a time, "...but let us not suppose that he doesn't expect us to use for making capability estimates and plans for the future. He endowed us all with prudence, and many of us with the capability of using it and making good plans and good estimates. So let us try to do this. We shall sometimes fail, but this is better than doing nothing for fear of failing. This, your trusted servant must strive to do."

In 1965, Bill said "Let us never fear needed change... The essence of all growth is a willingness to change for better and then unremittina willingness to shoulder whatever the responsibility, at whatever price." Bill also reminded us that AA recovery grants us three things: "freedom from a deadly affliction; a life experience that enables you carry that priceless freedom to others and a widenina. vision. ever God's reality and of His Love."

This book is a dry read but if you put any importance on AA staying true to its roots, then Bill's talks are an invaluable primary source—straight from the horse's mouth. It is available through your local Central Service Office; find it here: <a href="https://aa.org.au/contact-aa/">https://aa.org.au/contact-aa/</a>

#### General Service Board seeks Class A Trustees

#### **NON-ALCOHOLIC TRUSTEES** ('Class A')

In seeking candidates for Class A Trustee positions, the Board looks for men and women with

a proven track record in their own fields, with a demonstrated interest in Alcoholics Anonymous, and some experience in working with AA and its members. It would be safe to say that the busiest people have made the largest contribution and shown the greatest dedication and judgment. From time to time the Board has included members of the medical and nursing professions, accountancy, the Law, researchers, people familiar with the media, as well as those well versed in the general business world. They have all made their various contributions, not

only in their own special fields but often also in the wider world of organisational management.

AA's debt to those who do not share our disease but willingly share our problems is immense, going back to the beginning. Bill W wrote: "In the days when AA was unknown, it was the non-alcoholic Trustees who held up our hands before the general public. They

supplied us with ideas ... They working side by side with us and among the grubbiest of details. They gave freely of their professional and financial

voluntarily spent hours on end,

We, in Australia, benefit similarly from their professional experience.

Since they need not maintain anonymity, Class A Trustees are also our public face, should it become necessary to put AA

> before the general public in any matter. They are often called upon to chair meetings and committees, to speak at Regional Forums and take formal roles at major Conventions.

> The Chair of the General Service Board is traditionally a Class A Trustee, partly due to the public aspects of the role, but there have been exceptions where alcoholic Trustees have held the position. The Board will always seek to select the best person available for the task.

AA is currently seeking Non Alcoholics to join the General Service Board. Of AA.

wisdom. Now and then they helpfully mediated our difficulties." Written in 1966, those words hold true today. Nonalcoholic Trustees remain a rich source of wisdom and perspective.

The experience of the Fellowship in North America has shown the wisdom of selecting non- alcoholic Trustees as described in Bill's introduction to this Manual.

If you know of someone who has displayed professional interest in AA or indeed would be willing to donate their time and expertise in the fields of Media and Communications, Public Relations or Law, then we'd like to hear from them. In the first instance please contact the General Service Office on 02 95998866 or gso@aa.org.au

AA Around Australia is now available as a digital copy delivered to your email inbox on an "opt in" basis.

Over the years production costs and postage has risen, and with a mailing list of around 1800 it's quite a considerable cost each year to produce and deliver. But don't worry, AA Around Australia will always be free and mailed to any group or member that wants it.

You can however, opt out of the hardcopy and receive AA Around Australia digitally to your email each quarter. To opt in please email chris@aa.org.au with the current name and address that AA Around Australia is delivered too and your preferred email.

The great thing about the digital copy is that it's in colour and can then be easily sent on, by you, to your Group Members.
