## 2025 - AA Australia's 80th Anniversary

A small committee has been formed to ask the Fellowship how it/we should celebrate our 80th anniversary in 2025.

At the February meeting, The Board adopted the following statement of purpose: "In the spirit of unity and in keeping with our primary purpose of carrying the message to all who suffer from alcoholism, we commemorate 80 years of AA in Australia. We will achieve this by a year long program, implementing new literature initiatives, celebrating our fellowship; and carrying the message."

Australia was the first country outside North America to start AA meetings. The first such meeting was on 1st March 1945 in Sydney. Today an AA presence can be found in approximately 180 countries.

In 2025, AA will be 90 years old – and 80 years old in Australia.

We begin by asking the Fellowship how we should celebrate this milestone and seek the engagement of the Fellowship through our groups, districts and areas as per our General Service Structure.

We will be setting up an email address where you can send us your thoughts, ideas and opinions as to how we as a Fellowship would like to celebrate and what you can do in your group, district, area to honour this upcoming milestone.

Keep referring back to the AA website, for more information on how you can become involved in this exciting year long celebration of recovery.

## **Incoming Correctional facilities Coordinator**

My name is Tim and I've recently been appointed as the National Correctional Facilities Coordinator.

Luckily, I had already registered to attend the Combined Treatment & Accessibility, Correctional Facilities & PI/CPC National Forum in Brisbane, in February so I was in a position to immediately meet and hear many AA members, from many AA Regions, heavily involved in that realm of service. I cannot help but be particularly impressed by those who put themselves on the "front line" here. The Big Book tells us we should have no fear about going to any place when our

motives are good and inspired by a Higher Power, but at times like this when faith must turn to action, I get a chance to see where my faith is truly at.

My goal over the weekend was just to learn what our CF volunteers doing and what they were perceived to be the big challenges. One obvious thing that jumped out at me is that each Australian State (AA Region) is responsible for its Correctional Facilities and such, things are done differently in each jurisdiction. So, to a significant extent any strategy to help inmates must be tailored based on that. I was amazed at just how much work and effort is being done in this area. There are some very passionate and dedicated AAs giving vast amounts of their time to carry our message. And many have been doing this for years on end.

So, the question now is what I can do to help. I have felt somewhat limited at times. I am currently armed with a host of good contacts over 4 States/Regions and offers of support and friendship from each. I will be praying and listening to my new AA friends for guidance. I look forward to updating you soon...Tim O'S

#### Literature in Correctional Facilities

Going to prison was never one of my burning ambitions but I had a couple of close shaves. I don't want another. Perhaps that's why I took on Area G Corrections Coordinator job. For a number of years my home group at 12noon in Inner City Sydney was one of the meetings that prisoners serving time at Long Bay were brought while doing the Gnara Nura drug and alcohol program. Their arrival in prison greens always brought something special. Sadly, now both that program and that meeting no longer exist. Faceto-face AA meetings inside prisons have declined steadily over the past 10 years, at least in NSW for a number of reasons. Covid has meant even less face-to-face access and opportunities.

One way around this has been to place AA literature in Prison Libraries. Every Correctional Facility in Australia is required by law to run a small library accessible to prisoners. This is firstly so they may study the Law relating to their case but other matters as well. They are run by inmates with help from key staff in each facility. In NSW the whole library catalogue can be accessed online, revealing that practically no AA literature was accessible to prisoners. Thanks to a positive response from the Manager of

Prison Library Services in NSW we have been able to donate over 40 copies of the new Grapevine personal story collection "Free on the Inside" which is "on the money", one story is set in Canberra, written by a Canadian who was there on an exchange program. It's a brilliant tool for carrying the message to Prisons. Over 50 stories, many perspectives, male, female, straight, gay, you name it. There are no graphics like the monthly magazine, just wall to wall stories of hope and recovery. Thank You Grapevine!!

Prior to its release we were able to place individual copies of Prison edition Grapevines in key centres at Kempsey, Nowra, Wellington and Lithgow. These centres have designated Individual Learning Centres (ILC's) run by qualified Education Officers who understand the importance of such resources. The central prison library in NSW is based at Brush Farm Training Facility at Eastwood in Sydney. They have subsequently accepted 40 hard Cover copies of both the Big Book and 12x12 for distribution to every Prison Library in NSW. As most people know it is nigh impossible for AA members to take any literature with them on prison visits for security reasons. The

library system could be a way around this in other States also. Our approach involved firstly tracking down the few Education Officers still employed full-time who were likely to understand and support our efforts. Then a standard letter or email is sent explaining AA and our nonreligious agenda. (In NSW Public Libraries there is a policy of not accepting any book donations from religious groups.) Documentation is a big thing in all communication with prisons for security reasons, official responses can take time and patience is required. In NSW there is a pilot program running whereby inmates are being given electronic pads with limited online access. The Brush Farm Librarian sits on the Committee that oversees this and is now aware that we have literature in pdf form which could be considered for inclusion. Of course, literature is no substitute for face-to-face contact with prisoners who suffer our particular problem, but it's at least a starting point. Hopefully members in other States can benefit from our experience. Area G-Eastern Region Coordinator can supply copies of our initial email approaches if requested

### From The Archives, how the Brown paper Bag came about

#### **'FROM LITTLE THINGS BIG THINGS** GROW"

Australian AA has been given living proof that the above statement depicts how a small simple suggestion gave birth to our biggest annual fundraiser namely The Brown Paper Bag Appeal. This article is also meant to inform those members of the AA Fellowship that never knew or not even heard of a member whose name was Herman Holger Karell originally from Finland known in AA as Tom K. (AKA "Tom the Finn", "The Finn") and often referred to as "The Godfather of Service". So how did the Brown Paper Bag have its beginnings well let me tell you before the idea was taken to the GSO how it all began and as we all know the rest is history. In April 1995 Tom returned from a World Service Delegates AA Meeting that he attended in the role as Australia's Delegate. In early May 1995 he sent a letter to the groups of the Manning Great Lakes District explaining his embarrassment when totals for the Foreign Literature Fund as it was then had showed Australia called contributed a paltry sum of \$60.40 for the period of 1991 to 1994.

Paltry when you consider countries like Iceland \$3,400.00, Japan \$6,770.00, Great Britain \$16,125.00, Ireland \$4,208.78 and his beloved Finland \$4,182.41 (was possibly the main catalyst for his letter) plus various amounts from other countries. I belonged to the Forster Monday Night Group which had only two members but good attendance from members of the other and older groups within the Manning Great Lakes District. I was at that time the District Secretary. That year the tenth of June fell on a Saturday so after a meeting in mid-May I suggested to Matt D., the other member, that we could contribute whatever money was in the collection on the Monday night, twelfth June, towards this Literature Fund and he agreed. We felt that the week of June ten being Founders Day was the appropriate time. At the District meeting held on the 23<sup>rd</sup> May we advised Tom and the District of our idea and groups represented that night said they would do likewise. As a result, Manning Great Lakes contributed \$126.45 to the fund. The District also decided that August be the month for a District and Area appeal for the literature fund. August because it was too late to get covering letters to all the Groups in the Area. The District also decided that this should be a topic for Conference and that it would be taken to the next area Assembly so the letters were compiled and mailed out. Tom being a man of action liked the concept of an annual appeal not just for the District but rather Australia wide and unbeknown to all of us he took the suggestion of "Founders Week" to the GSO Board in July 1995 and as a result of Conference that year the Brown Paper Bag was Born. In the first year of its inception over \$26,000.00 was raised and each year up until "Covid" amounts of over twenty thousand dollars collected.

So now let me talk about the man who was certainly not a fashion statement or even a great orator but rather a very passionate person about carrying the AA message and a great ideas man so if he said to you "I have been thinking" it was time to run because you were about to be given a task that you knew nothing about. Toms journey into AA began in October 1961 when he was hitch hiking outside of Mildura and he was picked up by a passing motorist who said to Tom "you don't look well" and Tom replied, "I'm not and the grog has got me". The driver was an AA member named eight o'clock Mick and he twelve stepped Tom to his first meeting that evening. Tom never forgot how the message was carried to him and his role in helping others and creating awareness of AA within the wider community became his AA Legacy. In the previous edition of "AA Around Australia" there were some brief acknowledgements of some of his achievements, but I would like to add a couple more of those no so well-known things.

From late 1978 into early 1979 Tom and the doctor commenced a detox withdrawal program at the hospital which was a world first in public hospitals. A first because instead of the use of drugs to wean and ease the patient down Tom had suggested a system of AA members in pairs on a four-hour roster system sitting by the patients' bed to comfort them and take them to AA meetings in hospital pajamas. With the help of Doctor Ron this program was used as the model for the highly successful "Mackinnon Unit" in Sydney. Nursing Staff called this the "Sitters Program" whereas the Doctor called it "The Non-Chemical Utilisation Withdrawal Program" but AA members just said it was "The man in the bed revisited". This program ran for fifteen years until Dr. Ron retired.

In 1980 he encouraged Dr Ron to form a Drug and Alcohol committee that held monthly meetings at the hospital and as a result interns, community health and nurses attended meetings of AA as well information sessions run by Tom. This helped bring a far greater awareness of the problems of Alcoholism within the community and created a legacy of cooperation between AA and the local professional community that still exists todav.

In 1984 he anonymously became a proxy script writer for one of the popular television shows of that era called "A Country Practice". The series was depicting a doctor in the series having a few whiskies after work each night. Tom told his friend Dr Ron that this was very poor image to the public regarding doctors. Doctor Ron in turn wrote to the television station hosting the series and they set up a telephone conference with Dr Ron, Tom and Bob Berry a local D and A counsellor on a speaker phone in the board room at Taree hospital with the producer and director of the series. After Tom pointed out the folly of their ways, they rewrote future episodes to depict the whiskey becoming a problem for the doctor who was then forced to seek treatment for his problem. A true story and Bob Berry is willing to verify this.

There was a time when a phone call came from Alice Springs AA regarding a Norwegian man who could barely speak English, so Tom drove from his home in Taree NSW to Alice Springs, a round trip of six thousand kms, and helped in his being admitted to hospital acting as the interpreter and successfully twelve stepping the guy into AA. When arriving home, a local member said to him "Why drive so far" Tom replied "So he could understand the message".

His legacy to create a much more informed community about AA and his tireless work with the

professionals locally brought AA out of the dark and into the light within his local community and then a much wider area of the Mid North Coast. His PI work and ideas became the template for many AA groups, Districts and Areas in carrying the message. -He set the benchmark for the service structure of the fellowship and the way it co-operates with the medical community as well as the wider community. That is why he was lovingly known in Australia as "THE GOD FATHER OF AA SERVICE".

At his funeral service in May 2011 one of his Grand Daughters read a verse that truly depicted Tom. It was called.

"Successful Person"

That person is a success...... Who has lived well, laughed often and loved much.

Who has gained the respect of intelligent adults....and the love of children:

Who has filled his niche and accomplished his task; Who has never lacked any appreciation of earth's beauty or failed to express it: who leaves his world better then he found it; Who looked for the best in others and gave the best he had.

At a memorial service held for Tom attended by AA members and many of the Medical and

Allied Health people a Specialist Physician gave a talk about Tom and said "Tom was a patient of mine for over thirty years, and I never really found out the medical reason he came to me about, but I sure heard and learned a lot about AA.

Tom had one of AA's great one liners and I quote "You all say at the end of your drinking you were finished....... Well I was Finish before I started". I would like to remember him not just for his achievements but also his quirky sense of humour.

It is a strange twist of fate that some thirty odd years after getting to know him that I am now in a role that he held at that time as World Service Delegate. I am simply following his example not filling his shoes as they were far too big. I am blessed to have known him.

Brian F Sunshine Coast (recently elected World service Delegate)

### 7th tradition in a cashless world

Back in 2019 my local meeting suspected donations were dropping because fewer people were carrying

cash. We analysed our figures for the calendar years 2018 and 2019.

The amounts jumped around a lot but, using a spreadsheet program to fit a trendline we could see the result: average donations over those two years had dropped a massive 29 per cent.

And then covid hit. People were told not to use cash, that tapping a credit card was far more hygienic. Two years of that and even fewer people carried cash. When we resumed face-to-face meetings it was obvious that

donations had taken another

decline.

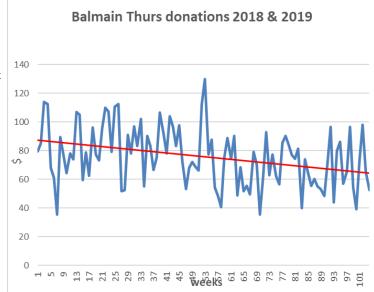

We encouraged people to go to https://literature.aa.org.au/ pages/donation and make a donation that way, but those donations are just for CSO. How do we collect money for our CSO and Area? It became obvious that we had to work out some way of accepting credit cards.

I looked at many systems but most were only suitable for much bigger operations than a typical AA meeting. You can take a look at what's on offer by googling "credit card payment systems."

We decided that the most promising system for our purposes would be The Square Reader. This is a little (7cm x 7cm) white plastic square that you will often see at markets and similar places for taking payments.

It's available for \$59 online at https://squareup.com/au or from Officeworks. That's all you need to buy. It comes with a charging cable that plugs into any USB-A port on a computer, laptop, or AC adapter in a power point.

It connects to a smartphone through a Bluetooth connection and the smartphone runs the Square App. This can be downloaded from the Apple Store or the Android Play Store for free. Once it's all set up (see below), someone brings the little square along to the meeting together with

their smartphone with the Square App. At the end of the meeting we announce there are bowls on the table for people to make cash donations together with the technology to accept credit cards. Credit cards can just be tapped on the Square Reader as can phones using Apple Pay or Google Pay. The Square reader can also read cards that need to be inserted.

The Square company takes 1.9 per cent of the payment for its costs. We have found that members are keen to make use of the technology and we get a lot of donations that wouldn't be made if we could only take cash.

The system has excellent reporting facilities, and you can get complete breakdowns of what was paid when.

> Donors can also get emailed receipts for their donations.

#### Setting up

Like all technology, getting a Square going can be quite tricky – or quite complicated. It is best done by someone who's used to Bluetooth connections on a smartphone and who's good at reading online directions.

Usually that will be among our younger members but I'm 74 and I managed to do it – but it probably took me a bit longer than it

would take a young whizz kid.

You must have a dedicated bank account that preferably doesn't have AA in its name. You will also need an email address.

There is lots of information and help setting up at <a href="https://">https://</a> squareup.com/au/en

Please note. In line with Tradition 6, AA does not endorse any product mentioned here. These details names and are provided just as one group's experience.

## Membership Survey- Who Are We?

At long last the Membership Survey is underway.

The aim of the survey is to provide a snapshot in time of our fellowship's makeup which will assist with the General Service Board (GSB) in its planning, provide information that can be used in our public information material and

be of interest to the media and professionals who work in the field of alcoholism. All members are asked to participate. It should only take a few minutes to complete. To access please use the link or QR code below. If you want a paper version send an email to GSO. Of course the survey is absolutely confidential

Once completed, the results will be collated. It is intended to publish the results by the end of the year and they will be available to all members. The survey will close on the 30 June. So please ask your AA friends and group members to complete it. The more members who do, the more complete picture of our membership we will have.

Please distribute to your AA friends and Groups

**Survey Closes 30th June**
